

Minnesota Health Care Directive

Based on the suggested form in Minnesota Statutes 145C.16

I, _____, understand this document allows me to do **ONE OR BOTH** of the following:

1. (Part 1 of form): Name another person (called the health care agent) to make health care decisions for me if I am unable to decide or speak for myself. My health care agent must make health care decisions for me based on the instructions I provide (if any) in part 2 of this document, the wishes I have made known to them or must act in my best interest if I have not made my health care wishes known.

AND/OR

2. (Part 2 of form): Give health care instructions to guide others making health care decisions for me. If I have named a health care agent, these instructions are to be used by the agent. These instructions may also be used by my health care providers, others helping with my health care and my family, in the event I can't make decisions for myself.

PART 1: Naming a Health Care Agent

This is who I want to make health care decisions for me if I am unable to decide or speak for myself.

- I can change my agent or alternate agent at any time.
- I do not have to appoint an agent or an alternate agent.

NOTE: If you appoint an agent, talk about this health care directive with them, and give them a copy. If you don't want to appoint an agent, leave Part 1 blank and go to Part 2.

Appointment of Health Care Agent

When I am unable to decide or speak for myself, I trust and appoint:

to make health care decisions for me. This person is called my health care agent.

Relationship of my health care agent to me: _____

Telephone number of my health care agent: _____

Address of my health care agent: _____

(Optional) Appointment of Alternate Health Care Agent:

If my health care agent is not reasonably available, I trust and appoint

to be my health care agent instead. This person is called my alternate health care agent.

Relationship of my alternate health care agent to me: _____

Telephone number of my alternate health care agent: _____

Address of my alternate health care agent: _____

This is what I want my health care agent to be able to do if I am unable to decide or speak for myself

- I know I can change these choices.
- My health care agent is **automatically** given the powers listed below in (A) through (D). But I can limit these powers if I want to.
- My health care agent must follow my health care instructions in this document or any other instructions I have given to my agent.
- If I have not given health care instructions, then my agent must act in my best interest.

If I am unable to decide or speak for myself, my health care agent has the power to:

- (A) Make any health care decision for me. This includes the power to give, refuse, or withdraw consent to any care, treatment, service, or procedures. This includes deciding whether to stop or not start health care that is keeping me or might keep me alive and deciding about intrusive mental health treatment.
- (B) Choose my health care providers.
- (C) Choose where I live and receive care and support when those choices relate to my health care needs.
- (D) Review my medical records and have the same rights that I would have to give my medical records to other people.

If I DO NOT want my health care agent to have a power listed above in (A) through (D) OR if I want to LIMIT any power in (A) through (D), I MUST say that here:

My health care agent is NOT automatically given the powers listed below in (1), (2) and (3).

If I WANT my agent to have any of the powers in (1), (2) or (3), I must INITIAL the line in front of the power

- _____ (1) To decide whether to donate any parts of my body, including organs, tissues, and eyes, when I die.
- _____ (2) To decide what will happen with my body when I die (burial, cremation).
- _____ (3) To make health care decisions for me even if I can decide or speak for myself

If I want to say anything more about my health care agent's powers or limits on the powers, I can say it here:

PART 2: Health Care Instructions

These are instructions for my health care when I am unable to decide or speak for myself.

- These instructions must be followed (so long as they address my needs).

NOTE: Complete this Part 2 if you wish to give health care instructions. If you appointed an agent in Part 1, completing Part 2 is optional but would be very helpful to your agent. However, if you chose not to appoint an agent in Part 1, you **MUST** complete some or all of Part 2 if you wish to make a valid health care directive.

These Are My Beliefs and Values About My Health Care

- I know I can change these choices or leave any of them blank.

I want you to know these things about me to help you make decisions about my health care:

My goals for my health care:

My fears about my health care:

My spiritual or religious beliefs and traditions:

My beliefs about when life would be no longer worth living:

My thoughts about how my medical condition might affect my family:

This Is What I Want and Do Not Want for My Health Care

- I know I can change these choices or leave any of them blank.

Many medical treatments may be used to try to improve my medical condition or to prolong my life. Examples include artificial breathing by a machine connected to a tube in the lungs, artificial feeding or fluids through tubes, attempts to start a stopped heart, surgeries, dialysis, antibiotics, and blood transfusions. Most medical treatments can be tried for a while and then stopped if they do not help.

I have these views about my health care in these situations:

(Note: You can discuss general feelings, specific treatments, or leave any of them blank.)

If I had a reasonable chance of recovery, and were temporarily unable to decide or speak for myself, I would want:

If I were dying and unable to decide or speak for myself, I would want:

If I were permanently unconscious and unable to decide or speak for myself, I would want:

If I were completely dependent on others for my care and unable to decide or speak for myself, I would want:

In all circumstances, my doctors will try to keep me comfortable and reduce my pain. This is how I feel about pain relief if it would affect my alertness or if it could shorten my life:

There are other things that I want or do not want for my health care, if possible:

Who I would like my doctor to be:

Where I would like to live to receive health care:

Where I would like to die and other wishes I have about dying:

My wishes about donating parts of my body when I die:

My wishes about what happens to my body when I die (cremation, burial):

Any other things:
